Clinical Supervision in Substance Abuse Counseling – 4 CEH's

<https://www.onlineceucredit.com/online-ceus-supervision.php>

There currently is no limit as to how many of the CEH's can be done online for supervisor application.

15 hours of CE taken for supervision certification application or certification renewal can also be used for license renewal if done within the two year renewal period. License renewal allows no more than 15 hours online or no more than 15 hours on any topic. 15 hours of CE for supervision certification purposes would be accepted for license renewal during the two year license period.
