

## HOW TO READ THIS TABLE

Read the license number 100-1-1-00 as follows: the first set of numbers are the individual's specific number (100th to become licensed in the state of ND), and original license was granted 1-1-00. **IF** the date is followed by an additional set of numbers (100-1-1-00-**100**), that counselor has advanced to the clinical, or LPCC, licensure. The expiration date for the counselor holding both LPC and LPCC licenses is the original expiration date set at the time of original, or initial, licensure. The date of the LPCC licensure is listed in a separate column, but has no bearing on the expiration date, as the two licenses are merged as one and listed as LPCLPCC.

The "A" behind the year of licensure (100-1-1-00A) indicates "associate" or LAPC, and the "A" is removed when the LAPC advances to LPC.

The Scert# column indicates the counselors who are certified as supervisors in the state of ND. Expiration date is also noted.

To calculate date of issue of certification, certification renews every five years.

updated 09-16-19
